U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on FEBRUARY 13, 1977
 - Export Shipments in
Current Marketing Year
 - Daily Sales Reported
FEBRUARY 14 - 20, 1977
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of February 24, 1976 (based on reports from exporters for the week ending February 13, unless otherwise noted):

Wheat: Sales activity was extremely light for the fourth consecutive week. Japan, Taiwan and Colombia were the only significant buyers. Total sales to Peru rose as 50,400 metric tons (MT) were shifted out of unknown destinations. Sales to the USSR dropped by 30,500 MT due to contract adjustments.

Corn: Sales activity continued slow, totalling the smallest since the week of Dec. 5. Sales to the USSR decreased by 225,600 MT as the result of cancellations and destination changes (partially reflected in last week's report under the daily system). Principal buyers included Japan, Greece and several EC countries. Sales for next marketing year (MY) increased by 50,800 MT as The Netherlands added to earlier purchases. Under the daily system, sales totalling 127,000 MT were made to The Netherlands (101,600 MT for this MY and 25,000 MT for 1977/78). Weekly exports were the second lowest so far this MY.

Grain Sorghum: Sales activity was modest with contract adjustments nearly as large as new sales. Over 81,000 MT was shifted out of unknown, principally to Japan and Israel. In addition, 28,750 MT of optional origin sales to Japan were declared U.S. and shipped. Sales to Portugal shrank as 32,100 MT were shifted to Israel. Another notable development was the sale of an additional 20,000 MT to Colombia.

Barley: Most of the week's sales activity occurred in the unknown category. Total sales to West Germany rose as a result of a shift from unknown destinations. However, substantial new sales to unknown destinations were more than offsetting. Sales for 1977/78 fell as Israel cancelled 31,500 MT. The pace of exports picked up, totalling the heaviest in a month.

Soybeans: Sales activity slowed with Japan, the EC, Spain and Taiwan the principal purchasers. Total sales to the USSR rose by 15,100 MT. The EC was the major importer, accounting for nearly 55% of the 383,400 MT exported during the week. Spain, Japan, the USSR and Taiwan were also significant importers.

Rice: Sales activity continued fairly good, although the bulk of the new sales was reported to unknown destinations. Liberia and Nigeria continued to add to their outstanding positions. A sale of 5,000 MT of rough rice, previously reported to Switzerland, was switched to Italy.

Cotton: For the second week running, new sales for MY 1976/77 were almost offset by cancellations. Cancellations were primarily to Japan, Greece and Spain. Total sales for the next MY, principally to Japan, Korea and Taiwan, are running 70% ahead of last year's pace for the same period. Exports amounted to 131,100 R.B., a record for the second week in a row this MY. Europe, Eastern Europe, Korea, Japan and Taiwan accounted for 84% of the shipments.

Oats, Soybean Oil and Soybean Cake and Meal: Showed no significant activity.

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
